MAY VS. LOWRY.

The Meat Dealer and Physician at Law Over a Horse.

Large crowds were attracted to Alderman Baker's office yesterday afternoon and evening by a suit over a horse which H. E. May, the Lincoln avenue meat dealer, purchased of Dr. W. J. Lowry last July. The consideration was a couple of shares of Sperl Heater stock and some cash, provided the horse equalled the representations made by the doctor in favor of the equine brute.

FELL AND BROKE HER LEG.

Misfortune of a Widow Who is the Mother of Eleven Children.

Mrs. Maggie Berry, of Richmond, formerly of Archbald, fell in front of Cameron's jewelry store, on Main street, last evening at 6 o'clock and broke her leg. She was taken to her home in a street car.

The unfortunate woman is a widow and the mother of eleven children. A small son accompanied her when the accident occurred.

EDWARD HARRIGAN.

Edward Harrigan, whose name is familiar to all theater-goers, will be the attraction at the Grand Opera house Wednesday evening, Feb. 2. Mr. Harrigan will present his masterpiece, "Old Lavender," with all the original scenery, effects, etc., as played by him for over two hundred nights at his own theatre in New York. In giving to the public "Old Lavender," Mr. Harrigan has constructed a play of life in the metropolis, which to the close observer is one of the best he has ever written. Each type of character is correctly and vividly brought out, each scene is realistic in the extreme, and Dave Brahm's bright melodies give to the play a certain charm which has a most pleasing effect.

DEATHS.

A cablegram announcing the death of William M. Raynor, near the city of Johannesburg, in South Africa, has been received. Mrs. Raynor and a baby daughter survive the deceased. The ladies of the First Methodist church are preparing to give their annual supper on Martha Washington's birthday.

There are weeds in everybody's garden, and in everybody's garden, it was ever planted in which weeds did not necessarily present themselves. They come without invitation and without a welcome. If you do not recognize them as weeds, and if you have sense enough to know that weeds choke flowers, and pull the weed up, root and branch, you will save the flowers.

There are weeds in the health-garden of every man and woman. The doctors call them disease germs. If you have sense enough to distinguish them from the flowers of health, and root them out, you will be well and happy. The most dangerous of all the weeds in the flower garden of health is that deadly creeper consumption.

There has never been but one medicine that would choke out this weed, root and all. That medicine is Dr. Pierce's Golden Medical Discovery. There is no other medicine that will get at the roots of the disease, driving out all impurities and disease germs, and building up new and healthy tissue. It restores the lost appetite, makes digestion and assimilation perfect, invigorates the liver, purifies the blood and fills it with the life-giving elements of the food and tones and builds up the nerves. It sustains the action of the heart and deepens the breathing, supplying the blood with life-giving oxygen. Medicine is considered an expert on lung troubles, told me I had consumption and could not live long," writes Mrs. James Gifford, 77 Mary Street, Hamilton, Ont., Can. "Three bottles of Dr. Pierce's Golden Medical Discovery cured me completely."

THE GREAT STORE.

Another Day of Great Attractions

At the Pure Food Exhibit. More room today. The thousands who'll come won't be so jostled and crowded as they were yesterday and Saturday. Attractions galore. Things to eat and drink in abundance—with no cost to you. Samples of other things to take home and try. Enough of everything for all who come. You'll be welcome today—every day. Come as early as you like—as often as you like.

Shoe Selling to Startle Scranton

This morning begins a Three Days' Carnival of shoe selling such as Lackawanna county has never known in its entire history. We have been making preparations for this sale ever since the store opened. Our buyers searched the Eastern and New England factories for shoe values—and they found them. Didn't buy at manufacturers' prices, but at their own. Spot cash was the talking machine—and thousands will profit by it. Of some particular lots, quantities are big—others are limited. All told, about seven thousand pairs. From the standpoint of actual cost to manufacture, they came to us at fifty cents on the dollar; some of them even less than that. We mean that you shall share this opportunity with us. We'll waive profits for the time being to make you our life customers. Earlier you come, better the assortment. So come early—you'll never regret money spent this week for shoes.
